NEW YORK, April 25.—William Jennings Bryan, in an address before the League of Nations Non-Partisan Association yesterday, advocated support of President Harding's proposal for America's membership in the world court, with a reservation that the reservation to action with respect to America's right to declare war.

"I would like to see Mr. Harding take a much longer step forward and announce our willingness to participate in any tribunal on earth empowered to investigate any dispute likely to lead to war," said Bryan.

In an address under the auspices of the National Bible Institute last night Bryan declared that "the theory of evolution is a menace to Christianity." He advocated a law preventing instructors in tax-supported schools and colleges from teaching evolution.

## BOY CONFESSES

## KILLING FATHER

DENVER, Colo., April 25.—Henry Rose, ten years old, has confessed that he shot and killed his father, George Rose, a farmer living ten miles southwest of Lamar, Colo., according to a report from the State House.

Rose's body, with a bullet hole in the head, was found in a room of his home, March 26. Three children, Hazel, 15, Homer, 12, and Henry, told authorities who investigated the case that they were sitting in the room with their father when the door of the room was slowly opened and a gun barrel pushed through the opening.

The gun was fired, they said, and the bullet struck Rose in the head, killing him instantly. The children rushed to the home of neighbors and told their story. It was said that the room had been ransacked and some money stolen. Re-enactment of the scene of the slaying is said in the despatches received here, to have resulted in the alleged confession.

## ROMAN PLASTER

## HELD EXCELLENT

"Long before the Christian era the art of plastering was known and practiced by the Romans and as tribute to the knowledge of the ancient plasterers the ruins of Pompeii today stand out as the finest example of the plasterer's art."

Second vice-president of the Master Plasterers' Association of the Pacific Coast, in discussing the building industry before the Home Forum of the Oakland Y. M. C. A. Makin made a tour of Europe last year. In Pompeii, the city destroyed by earthquake and Vesuvius fires in 79 A. D., Makin was shown plastered walls that are in as good condition as they were 2000 years ago.

"The Romans used a mixture of concrete and marble dust in their plaster work," he said. This has withstood the test of time, the highest tribute to the plasterer's art."

Harry McManus, president of the State Master Painters' Association and a director of the Builders' Exchange of Alameda county, will talk before the Home Forum, meeting in the Y. M. C. A. tomorrow night. The Home Forum is conducted by the Y. M. C. A. Schools, of which Ralph E. Wilson is Oakland representative. McManus will trace the beginnings of house painting and will give advice on how to secure proper results.

PARIS, April 25.—The Atlantic Ocean is paved with disaster, says an official French report on floating mines and derelicts.

Sixty-six errant mines are known to be wandering about the ocean at the whim of sea currents. After four years of peace most of them are reported right in the middle of the Atlantic, between France and New Scotia—the regular route of ocean lines.

But the big, ever-present danger, is the derelict. More than 2,000 of these deserted mystery ships are

Many of these vessels remain afloat, says The Fannie E. Wolston, abandoned October 15, 1891, off Cape Hatteras, traveled to the Azores and back to Newfoundland for three years until it was finally destroyed by a tempest.

The Fred Taylor was abandoned on June 23, 1892, in longitude 40. It was cut in half by the German liner Trave, but nevertheless kept afloat in two halves for four months.

The sailing vessel Twenty-One Friends, was abandoned and encountered by no less than 22 ships, none of whom succeeded in destroying it.

The more rotten they are, says the French report, the longer these derelicts keep afloat, and attempts to destroy them by ramming and dynamite nearly always fail, owing to their waterlogged condition.

The report urges that it be made a criminal offense to ship without first ensuring its destruction.

## MANUAL TRADES

(By International News Service.)

NEW YORK, April 25.—The dignity of overalls and the dinner pail has come into its own.

Time was when young men, inspired by pulpit, stage and press, dreamed of "white collar" careers. But those days are over.

A white collar career too often means a job as clerk for \$20 or \$25 a week in some stuffy office doing routine work that takes the life out of a man.

Today the ideal offered to mankind is a thorough training in the mysteries of bricklaying and plastering. This at least pays from \$15 to \$15 a day.

The New York West Side Y. M. C. A. was quick to perceive where-in lay so many of the ills that beset thousands of young men, and, instead of offering to teach anything from archaeology to zoology, they advertised courses in the dignified and lucrative professions above mentioned.

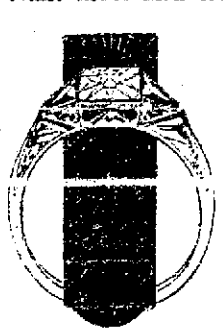

Immediately the announcement was made 192 applicants doffed their white collars and patent-leather slippers and took to overalls and a full dinner pail. Now there are over 300 students, and the class is growing rapidly.

Among the students who have relinquished "white collar" respectability and a too frequently empty stomach for more lucrative labor are university students, a former butler and a former broker who went down the ladder in a financial crash.

## The Electrical "How" for Household

THE Electrical "How" for Household is a booklet which explains in detail how to get the full benefits of electricity.

It not only shows the latest electrical household devices and appliances but how to get more service from them and from the whole electrical installation. It explains why it is cheaper to use standard materials and employ qualified electrical contractors. And it shows the value of the "Check" Seal as a helpful guide in identifying them.

This seal, established by the Pacific States Electric Company, the largest distributors of electrical merchandise on the Pacific Coast, appears upon a complete line of electrical merchandise, each item of which has been inspected and certified as standard—such for example as the Hotpoint appliances here displayed.

The "Check" Seal also helps to identify contractors and dealers who operate on the basis of good workmanship, standard materials and fair prices. These men can be relied upon to furnish a complete and satisfactory installation and standard electrical merchandise. Ask any contractor-dealer who displays the "Check" Seal for the booklet "The Electrical How for Household" or write to the nearest office of this company. It is free upon application.

## BERKELEY BANS

SPANKING AS  
BAD BOY CURE

Hickory Stick Replaced by  
Clinic to Study Child  
Problems.

BERKELEY, April 20.—The old-fashioned spanking as a "cure" for childish misdeeds is banished from Berkeley. Finis has been written to the tempestuous career of the famous old hickory stick, once the overwhelming fear of boyhood.

Enter in their place the "bad boy clinic" where a scientific study of the problems of childhood is conducted under municipal auspices. The boy who lies and cheats, who steals and plots vengeance against his neighbors, who develops habits which alarm his parents and associates is no longer given the "sound spanking" which was meted out to his brothers of other years. The cause for his malice is now determined and machinery set in motion to make him a useful member of society.

At the Berkeley Health Center, 18th street and University avenue, the most active "bad boy" clinic in the state is in operation. Technically it is known as the neuro-psychiatric clinic. From forty to fifty boys and girls a month are examined there to determine just what makes them "troublesome."

"Problem" cases from the Berkeley police department, youthful offenders whose crimes range from highway robbery to plain mischief, charges from the Berkeley Welfare Society, troublesome cases from the schools and other sources—all are "treated" at the clinic under the direction of Dr. George L. Chamberlain, expert psychiatrist of Oakland, who has become so interested in the work that he is donating his time to conducting one clinic a week in the college city.

An expert examination is made of the child from physical, mental, neurological and other standpoints. His habits, likes, failings and virtues are learned by visits to the home and school. Every bit of information obtainable is gathered. Then it is that recommendations are made.

"In the old days," says Mrs. Elizabeth G. Anderson, who has charge of the social work associated with the clinic, "when a boy or girl was 'bad' they were spanked or punished otherwise without anyone inquiring into the reasons back of their 'badness.' Every child was treated alike. There was one set rule for childhood. Many persons, even now, do not realize that every child is an individual problem to be dealt with as his own particular needs require."

"For instance take a parent who insists that his offspring must be a scholar. The child has no desire for books; he would rather work with his hands. If he gets into trouble because he becomes dissatisfied with his lot. We had such a case recently. The boy stole to get money to buy material for mechanical devices in which he was interested. We found him normal except for this desire to do things mechanically. With the co-operation of his parents we got him a part-time position where he could work at something he loved to do. He is happy now and will doubtless never give serious trouble again. The same thing applies to every child—to find his likes and his talents is the important thing in keeping him 'straight.'"

"Almost the hardest thing to accomplish is to make parents understand what we are doing. The children many times see our aim before grown-ups do. We are not trying to dictate to parents how they should rear their children. We are merely trying to help them. Parents take children to physicians for bodily ills; why should they not consult experts for temporary ills of the mind or nervous system. Taken in time many of these children can be definitely cured and placed in the right path, rather than to go on uncertainly when there may be disaster ahead."

Every child offender finding his way to the Berkeley police department is sent to the clinic for examination. Chief of Police August Vollmer declares that parents of Berkeley do not realize the value of the service which is being rendered for posterity.

## Science Deals With Small Boy

MISS HELEN GRACE DAVIE, University of California welfare worker, assisting in the examination of a small boy patient at the Berkeley Health Center, where juvenile problems are treated from a scientific as well as "common sense" viewpoint.

called 'bad boys' of childhood can many times be found the potential criminal," says he. "Why not give the boy a chance to travel along the right path? A little understanding and a little study can do much to save our youth."

At the Berkeley Health Center the neuro-psychiatric clinic is held every Tuesday morning with Dr. Olga Bridgman, associate clinical professor of abnormal psychology at the University of California, and graduates of her department in charge of the active examination of children.

To Mrs. Anderson, as social agent, falls the task of visiting in the homes of delinquent and of enlisting their co-operation in the work of the center.

To develop a moral responsibility for the child; to make him a useful member of society; to save the parents many a heart-ache and to work for the good of the community at large, such are the aims of Berkeley's "bad boy" clinic in the words of Mrs. Anderson.

office of the concern was opened this morning. Much to the amount of \$20 was secured, according to reports to the police.

Dr. P. S. Kellum, Hayward chief of police, who is investigating the case, says professionals pulled the job, using ultra-sophisticated methods to obtain the cash.

The back door of the building had been flung open by the thugs to secure entrance.

## AMAZING MEMORY

## 'EASY,' SAYS GIRL

NEWPORT, N. H., April 23.—"Remembering people is easy when you give a little thought to the matter," so declares Miss Anna Kennedy, head waitress in the Newport House here, who has a memory that is the envy of many political and business men of the state when it comes to remembering names and faces.

During the last six years it has been estimated that Miss Kennedy has met and recalled correctly approximately 20,000.

One should always repeat the name two or three times if possible, then set in mind some characteristic about the person addressed. For example, she says, Mr. Smith may have gray hair which he combs smoothly, a Valentino, while Mr. Jones may have a bit of impediment in his speech. And so it goes, for there are no two people in the world alike.

MILITARY CAMP BURNS.

## PETALUMA NOTES

PETALUMA, April 25.—In an open communication, Secretary Kerrigan of the Petaluma Chamber of Commerce, calls attention to the necessity of drafting a new charter for this city in order that the city council and other civic bodies may be able to function properly, which he claims is impossible under the provisions of the old charter. He recommends a charter with the city manager form of government.

Mrs. A. L. Phillips, president of the Petaluma Woman's Club, and Mrs. L. B. Hammell, president of the local Ad Club, motored to Sebastopol and addressed the women of that city at a meeting held in Native Sons hall. Mrs. Phillips on club organization and Mrs. Hammell discussed on "Women and their accomplishments in civic problems."

Peter Sloan, pressman on the Santa Rosa Republican, is at the Petaluma General Hospital suffering from a possible fracture of the skull, internal injuries and bruises, incurred when his car skidded and upset on the Lakeville road below this city, Sunday night. Sloan was accompanied by his wife who escaped with minor injuries.

It is reported that J. E. Olmsted, publisher of the Petaluma Argus, is slated by Governor Richardson for appointment on the State Board of Prison Directors, to succeed C. N. Neumiller of Stockton.

The diamond on the local high school grounds was kept warm all day Sunday, with two interesting games of baseball at which there was a large attendance. In the morning the Redmen stamped the

Knights of Pythias by a score of 23 to 6. The afternoon game between the Redmen and the Petaluma Lehighs, resulted in favor of the latter in a score of 9 to 2.

Yesterday afternoon was one of real pleasure to members and friends of the Petaluma Woman's Club, who came to listen to an address by Dr. Charles L. Kloss, president of the Piedmont Congregational church. Dr. Kloss gave a most interesting and educational talk on his travels in Europe. A special feature of the meeting was an exchange table laden with plants, brought by those having an excess of certain species, and effecting an exchange for others.

# A. P. BOARD IS FILLED AT MEET OF MEMBERSHIP

Staff and Directorate of the Great News Gathering Organization Praised.

NEW YORK, April 25.—The Associated Press, at its annual meeting yesterday, filled seven vacancies on its board of directors which has fifteen members.

The following were elected for a term of three years:

Benjamin H. Anthony, New Bedford, (Mass.) Standard.

W. L. Jones, Jr., (re-elected), (Minn.) Journal.

W. L. McLean, Philadelphia, (Pa.) Bulletin, (re-elected).

Frank B. Noyes, Washington, (D. C.) Star, (re-elected).

Adolph S. Ochs, New York, (N. Y.) Times, (re-elected).

To fill the term of C. A. Rook, formerly of the Pittsburgh (Pa.) Dispatch, resigned, Stuart H. Perry, Adrian, Mich., Telegraph, was elected. His term will expire in 1925.

To fill the unexpired term of D. D. Moore, Fort Worth, (Texas) Record, resigned, Frederick Thompson, of the Birmingham (Ala.) Age-Herald, was elected. His term will expire next year.

The meeting passed unanimously and enthusiastically a standing vote of thanks to express the appreciation of the faithful and efficient service of its directors and employees during the last year. The appreciation was voiced by C. P. J. Mooney of the Memphis, (Tenn.) Commercial Appeal, who moved the motion as follows:

**STAFF COMPLIMENTED**

"We have some men here in this organization who are at cross-purposes and who have the difficulty of taking a four-wire report, some times, and cutting it into a single wire report. It is just like taking sixteen columns of news and condensing it into four columns. And the man on the single wire, feeling the four-wire report, thinks he ought to have as much of The Associated Press on his one wire as a big paper gets on four. Those men are very splendid men. They are going a great way. The staff at Washington does a splendid work. And you will remember the superintendent there wrote that interview of that 'day with ex-President Wilson,' which is one of the most splendid pieces of work that ever went into an American newspaper."

"And here are these men whom you never see and I never see, who are placed all over this country, from Maine to San Diego, occasionally breaking into the Associated Press with a story, every word of which lives in life and is splendid. And we get it, and we think nothing of it. If we got that same story from a special correspondent, or probably as a special article, from some New York paper which makes a business of peddling its news, we would think it was wonderful. And you know, some times those papers get two thousand and peddle ten. But that is neither here nor there. Those men really are the fibre; they are the straw in the bricks of this splendid organization."

**PRESIDENT PRAISED**

"And so I move that the members express their appreciation of the very faithful work that everybody connected with this organization has done, from the president down to messenger boys, and that it thank them for what they have done during the past year."

A tribute to the service rendered to The Associated Press by its president was paid by Clark Howell of the Atlanta (Ga.) Constitution, in seconding the nomination of Mr. Noyes for re-election as director. Mr. Howell said:

"During the many years I have watched his work, I have been impressed with the earnestness and with the zeal of his efforts; and never in any position have I ever seen a member of any business organization devote himself more earnestly, more steadfastly, more unselfishly to the affairs of that organization than Frank B. Noyes, as president of The Associated Press, has always done to the affairs of your great organization."

"For more than 20 years he has been a tower of strength; never swayed by friendship, nor by passion, nor by prejudice—always with the one end in view, the thing to be done was that which was right, that which was fair, that which was just, and that which best served the purposes of the membership as a whole. More than to any other editor or manager due to him the greatness and the glory of the greatest news organization on the face of this earth."

The following advisory boards and committees were elected:

**ADVISORY BOARDS:**

Eastern Division—Richard Hooker, Springfield, Mass., chairman; secretary, Charles E. Cnapin, Waterbury, Conn.; Frank E. Ganett, Ithaca, N. Y.; George E. Graff, Williamsport, Pa.

Central Division—H. J. Powell, Coffeyville, Kansas, chairman; Mrs. Zell Hart Deming, Warren, Ohio, secretary; C. K. Blandin, St. Paul, Minn.; W. H. Morgan, vt., secretary; Charles E. Cnapin, Waterbury, Conn.; Frank E. Ganett, Ithaca, N. Y.; George E. Graff, Williamsport, Pa.

# POOR FUNDS SPENT FOR FACE POWDER

By LOYD MELLETT, International News Service Staff Correspondent.

INDIANAPOLIS, April 25.—Too much cosmetics and not enough common sense!

That is the verdict of the township trustee, the public health nurse, and others who aid the needy in Marion county.

"In all the homes I have visited where the household may have been destitute of practically all comforts, the baby needing shoes, and a 'square' meal at hand, in quantity, I have never failed to see a lavish and adequate supply of cosmetics on the dressing table or bureau," Miss Margaret Harter, health nurse, said.

"You'd be surprised at the hole this makes in the already limited income of families depending on the township for help," one trustee declared, when asked about conditions in his district.

"I recently was in a home where conditions were such that it became necessary to extend aid for my daughter, who made a visit there. Later, saw Violet, toilet water, a lip-stick and other feminine beauty adjuncts purchased with township money," he continued.

"This showed a lack of common sense in finances and it is that which keeps many persons in dire circumstances as often as a 'restricted income,' he declared.

# PREVALENCE OF SPOONING IS NOT BELIEVED DANGER

Social Workers Urge Girls to Adopt the Tactics of Reserve.

DETROIT, April 25.—(United Press).—"Now, when I was a girl—"

"Tut, tut, mother dear, things are different now."

So speaks the girl of today when her mother attempts to lecture her on the question of spooning, according to opinions of Detroit's leading social workers.

These workers admit the prevalence of spooning today and attribute it to the girl's fear of becoming unpopular.

Spooning and the world spoons with you, refuse and you're left alone. This might easily be declared the flapper's philosophy, after hearing stories told by the social workers.

Spooning is more prevalent today than ever before," Dr. Mary Thompson Stevens, lecturer on social hygiene, declared.

"My advice to girls when they are in doubt," she said "is to adopt 'hands off' as their slogan, and to be repeated whenever occasion demands. Spooning is dangerous. For years I have tried to impress this fact upon girls, but the modern girls take advice less than in the past. Girls tell me when they receive invitations to dances to-day they know if they accept they must be willing to spoon? Young men expect to and the girl who

# 'DIVINE SARAH'S' COUSIN EXPECTED TO ACHIEVE FAME

Daughter of Street Car Conductor Shows Talent; Only 9 Years Old.

ST. LOUIS, April 25.—While just now more interested in jumping rope and playing other childish games with her twin sister and her cousins, little Mary Pace, nine years old, a third cousin of the late Mrs. Sarah Bernhardt, may some day rise to fame, as did her eminent relative, whose death is mourned the world over.

It cannot be said that Mary is concerted enough to cherish dreams of being heralded in the same manner as her famous cousin was, because Mary is "just a regular girl" today. In fact, she doesn't know much about the history of the "Divine Sarah," between skins of the rope she'll tell you that she heard her father "speak often of her around the house." Her father is a street car conductor.

**SHOWED TALENT EARLY.**

Mary has shown recitative talent ever since she was playing with her blocks and reciting little rhymes in her nursery. Even before she was three years old she could sing several popular songs and bring in appropriate gesticulations in surprising fashion.

Mary's voice has developed.

# Four Who Carried Guns Face Death

Press).—Four men are in "death row" at Cook county jail today, awaiting execution—all because they carried guns.

One is a boy of 21 and the others are less than 20. Each admitted to lawyers and court attaches that if they had not carried guns they would not be in trouble.

The condemned men are: Barney Grant, convicted of shooting a policeman to death in a south side sniping.

Larry Jefferson and William Craver, sentenced to die April 13 for shooting Joseph Latus, auto dealer, to death when he resisted robbery.

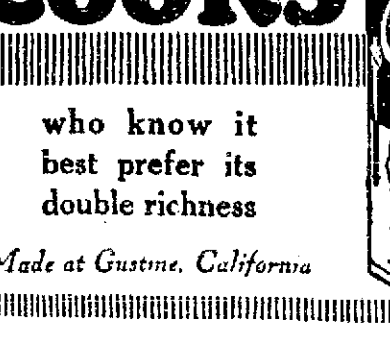

James Smith, sentenced to die for the shooting to death of Frank O'Connell, a cigar clerk.

## Yardmaster Feared The Loss of His Job

E. R. Meyers Declares Stomach Trouble, Insomnia, Nervousness and Dizziness Had About Exhausted His Strength, But Tanlac Restored Him Completely.

E. R. Meyers, 1827 West 50th St., Los Angeles, well-known yardmaster for the Pacific States Electric Co., says:

"I was in such a badly run-down condition that I didn't get Tanlac when I did. I believe I would have to quit my work. My appetite was gone, I had severe pain in my stomach, and also terrible pains about my back. I was so nervous and restless I could scarcely sleep a wink. I was constipated and dizzy too, and was worn-out. I was just about all in."

"Well sir, I got on the right track to health when I struck the Tanlac road for the treatment has put me in fine shape. I can eat just anything I want now—many things I didn't dare eat before taking Tanlac—and I sleep like a log every night. In my case Tanlac has proved beyond a doubt that it has an equal, and words can't express my appreciation for what it has done for me."

Among the many other Los Angeles people who have recently spoken in high praise of Tanlac for the benefits they have derived from its use, are Andrew J. Garrett, 818 Gladys Ave.; Mrs. Jennie Jones, 618 E. Price St.; Frank L. MacBreck, 101 E. 8th St.; and Isaac V. Pedrin, 2837 E. 1st St.

# USE HEAD MORE, STUDENTS URGED

High Pupils Making Dance Hall of School, Charge Declares.

NORWALK, Conn., April 23.—"They have made our high school more of a recreation park and a

dance hall than a place for study," says Dr. William J. Tracey, board of education member, who is to keep on we shall be forced to provide a smoking room for girls. "The publicity is bad," says Mrs. Percy W. Brooks, also a board member, who admits that high school children have been "cutting up," but who believes newspapers are wrong in printing such matters. "Publicity is good for such things," retorts Dr. Tracey. "You can't cure a cancer by covering it up."

Norwalk continues to be excited over the antics of boys and girls who are accused not only of smoking but of drinking. "Expel the bad ones and save the rest," says Dr. Tracey. "Direct the whole student body to shuffle their feet less and use their heads more."

# CURTAIN CALLS

DR. George Clarke Houghton is dead and his passing is mourned by the theater profession, for he was the pastor of "The Little Church Around the Corner," a Mecca for the actors of America.

It was from the late Joseph Jefferson that the editor, known as the Episcopal directory of the Church of the Transfiguration, got its name. When Jefferson was making arrangements for the funeral of his friend, George Holland, he went to a church on Fifth avenue.

Here he met with a curt refusal and the explanation that actors were not welcomed in that church but that "perhaps the little church around the corner will accommodate you." And so from that day the quaint building, sitting like a cameo of the old days, has been the spiritual home of theatrical folks.

John Drew was married in the Little Church Around the Corner and there his children were baptized. Irene Castle married her first husband at its altar, buried him in the mortuary chapel and walked to the chancel with her second, and so on down the line, theatrical folk have carried their spiritual burdens to the pastor ever since the Jefferson episode.

The church was founded by the uncle of the late Dr. Houghton, who was there for forty-five years. Dr. Houghton occupied the pulpit for twenty-six years and his successor is Dr. Randolph Ray, whose first duty toward the request of his predecessor will be to establish a Sunday school for the children of actors.

Miss Allen was a passenger on the steamship Arabia, crossing to resume her part in the production of "A Pair of Silk Stockings." The ship was torpedoed by the Germans during their activity on British shipping and sank in four and a half minutes. Miss Allen escaped in the last life boat equipped in her night clothes and a sealskin sack.

They were taken to Queenstown and with the other rescued passengers were taken care of by the governments and residents of the city. Miss Allen lost everything she had and the plain agents the German government was made.

In her hurried departure from the ship she left everything but two rings which she was wearing. Singularly, she lost these rings a few weeks later in a wash room in Liverpool.

# SEEK 'REAL MEN' TO AID ROUND WORLD FLIGHT

Maintenance Men for Remote Points Wanted to Help Circle Globe.

By DAVID M. CHURCH, International News Service Staff Correspondent.

LONDON, April 24.—There is a fine opportunity open for "real men" who want a "thrilling adventure" with Captain G. H. Malins and Commander MacMillan, who are planning a round-the-world aeroplane flight.

Anyone who wants to lead a Robinson Crusoe existence for a few months may join up with Captain Malins' expedition not for the air flight, but for the dreary work of conducting maintenance stations in distant and little-known lands.

"I want some real adventurers," Captain Malins said in discussing his plans. "I have obtained a few already."

Before we start flying a steam yacht is to be dispatched to lay petrol, food and ammunition dumps in a trail on volcanic islands from the Aleutians and the Kurils to Japan.

On that boat, which we are naming the "St. Frontiersman," we shall have a crew of 35 and a body of "adventurers" who will be left

on these islands, well armed, to protect these dumps.

"The skipper of the boat—which we have bought—is Commander Littlehales, who was in charge of a Russian icebreaker in the Great War was more than once threatened with execution in the Russo-Japanese War.

"He's a great sportsman, and so is Captain Pocock, who will take charge of the dump depositing in preparation for the flight to follow, and so are two flight commanders who will be on board and see after our landing stations.

"You see we mean to take no chances this time. We do not intend to rely on local preparations.

"As for our machine, it will be the last word in aircraft. We shall take time to meet the yacht at Tokyo and get from it the charts

It will follow the Vancouver, and while we cross the American continent the yacht will steam to the South Sea Islands and back up the east coast of Brazil to the west coast of Africa and home.

"In the meantime we will fly to Newfoundland, Greenland and Iceland."

BERLIN. — (United Press). — Fifty persons, picking handgrenades from the Kummarsdorf ammunition dump here, have been killed since the war when the supposed "duds" exploded in their hands. The business of salvaging the metal from old left-over war ammunition has been very remunerative, but just as dangerous, too.

California Mothers, This Is Well Worth Your Reading

Oakland.—Dr. Pierce's Favorite Prescription gave me the greatest help in the world during motherhood and I would advise all young married women to try it. During pregnancy I felt miserable; for three months I was sick and nauseated. I was weak and suffered with backache, but after I began taking Dr. Pierce's Favorite Prescription I did not have any more stomach distress or backache. My strength returned and I just got along fine after that; had comparatively no suffering and I had a fine, healthy, strong baby."

Mrs. E. E. Rushford, 1274 64th St., Health 1, new telephone 10, writes to me: "I obtained this prescription of Dr. Pierce's now, in liquid or tablet form, from your agent, or send the for trial pkg. of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Good Health, Secret of Beauty

Beauty lies in the care a woman bestows upon her face and in keeping it free from those dread ailments peculiar to her sex, which drag her down and leave telltale traces upon her countenance. Sparkling eyes, the elastic step and a clear complexion never accompany organic troubles. Distressed expressions, a sallow complexion, dark circles under the eyes and a host of other ailments and mental depression are the constant symptoms of women's ailments. Women so troubled should not lose a day in taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, the most successful remedy known to overcome woman's ills and restore beauty and health. Advertisement.

Suddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients. He called them "Edwards' Olive Tablets." You will know them by their olive color, which is the natural color of the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, indigestion, a listless, nervous feeling, or any of the above, take Dr. Edwards' Olive Tablets, the successful substitute for calomel, and then you will be able to keep your face and complexion in perfect condition.

## ALAMEDA PUPILS WORK HARD FOR SCHOOL BONDS

"Vote Yes for Us May 1," Is  
Slogan on Banner Carried  
in Streets.

ALAMEDA, April 25.—"Vote Yes for Us May 1," was the slogan appearing on dozens of banners today, carried by students of the high school when a flag rehearsal of the 1,547 pupils for their bond day parade, to be held tomorrow afternoon, to appeal to the citizens of Alameda to make a new institution possible and vote favorably on the bond election May 1 was held in the main business section of the city.

Traffic on Park street was delayed for a half hour as the students, representing every organization in the school, trailed their gay banners and floats through the streets, singing songs composed by the music department of the school for the occasion.

Applause met each unit, which carried its own appeal to the voters of the people to stand back of the students and make a new institution possible by voting yes May 1 when the election will be held.

The parade disbanded in front of the Porter school, and everyone in it joined in a rally to boost

the bonds. Citizens and members of the press as well as the high school faculty and members of the board of education and presidents of the parent-teachers association were the special guests of honor, and participated in the general enthusiasm.

ORIGINAL YELLS GIVEN.  
Original yells were given under the direction of Bill Low, yell leader, and songs were sung by both the Girls' and Boys' Glee Club of the school. Walter Reeves, president of the student body of the school, presided and introduced the speakers.

A personal survey of the city by the students in support of every resident of the city to cast his ballot in favor of the bond issue May 1 has resulted in nearly 2,000 signatures being secured, as announced by the school faculty.

Every organization in the city is endorsing the project to vote \$750,000 for bonds to erect a new high school on the site of the present high school at Walnut street and Central avenue.

The school is deemed a necessity by popular vote of civic clubs and fraternal organizations. One-half of the students in the high school today are now housed in temporary buildings.

NEED IS RECOGNIZED.  
The Board of Education had to act in 1917 to provide for the last five years but delayed the action on it, due to the then prevailing high prices in labor and building material.

The terms of the bond extend for twenty years with interest at 4 1/2 per cent. The polls open May 1 at 8 o'clock in the morning and close at 6 o'clock at night. Every citizen in Alameda is being urged to recognize the need of a new institution and vote yes, as it requires a two-thirds vote to carry the issue, the school board points out.

Special additional requests to make the bond issue a success will be made during the next few days by four-minute speeches from the students in the high school. They will appear before audiences in the motion-picture shows, civic and fraternal organizations. The speakers will include Walter Reeves, Barbara Eubanks, Betty George, Margaret Robinson and Jack Osborn.

## FISHING CRAFT NABBED AFTER PATROL FIRES

American Schooner Said to  
Be Poaching Caught by  
Canadians.

BY ASSOCIATED PRESS  
LEASD WIRE TO TRIBUNE.  
VANCOUVER, B. C., April 25.—The American fishing schooner Siloam, of Seattle, was captured yesterday off the west coast of Vancouver island after she had been scuttled by her crew, one of whom was wounded and taken prisoner by the Canadian fisheries patrol boat Malaspina.

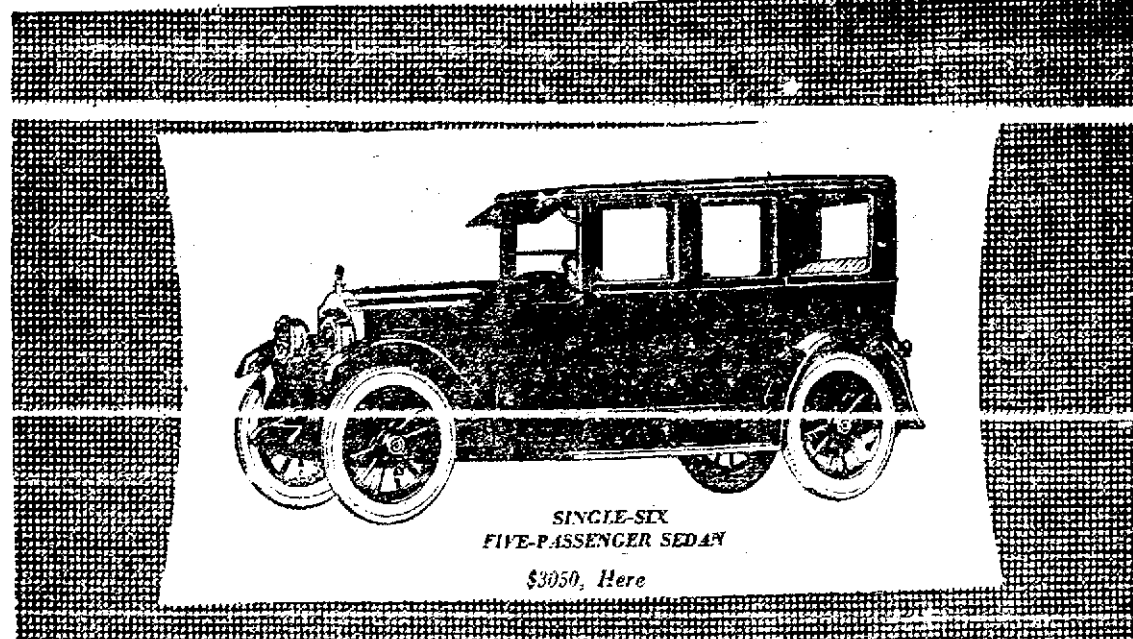

The remainder of the crew of the Siloam escaped inland on Vancouver island and are being sought by mounted and provincial police.

The Siloam is alleged to have been poaching in Solander bay and to have fled when the Malaspina approached. After a chase of a mile the Malaspina sent a volley through the cabin of the Siloam. On this the Siloam paused long enough for all of her crew except the wounded man to take to the small boat and escape.

Discovery that the Siloam had been scuttled was made after the wounded man had been carried aboard the Malaspina and the American boat taken in tow. The wounded man was taken to Quatsino sound and it is thought here that the Siloam was towed ashore. Inspector J. A. Motherwell, who received here a report of the episode from Captain Holmes Newcomb of the Malaspina, said he believed that this was the first time that a Canadian patrol boat had ever fired on an American craft in Canadian waters.

## COUNTY CAMP'S QUOTA UNFILLED

There are still 63 candidates eligible from Alameda county for the citizens' military training camps at Del Monte and Fort Winifred Scott next July and August, according to an announcement from the headquarters of the state division in San Francisco. The quota allowed this county is 104, and of this number only 55 applicants have been tentatively accepted.

Colonel E. V. Smith, who will command this year's camps, declares they will afford an exceptional opportunity for young Californians to enjoy an extended vacation with a variety of sports and training, and without any expense to themselves. The camps are open to young men between the ages of 17 and 24 years.

ing a rifle, attempting to extinguish an arc light in the street.

Procuring a revolver, Gall opened fire on the man, three others ran from the bank building and after the exchange of several shots the bandits leaped into an automobile and escaped.

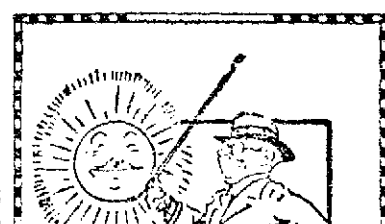

When Gall saw the two men trying to put out the street light he fired at them through the window of his home. The man with the rifle returned the fire and a bullet crashed through the window just over Gall's head.

Then an automobile appeared from an alley in the rear of the bank and the five men jumped into it. The car was driven rapidly toward the open country. Gall then attempted to telephone the sheriff's office, but was unable to do so and went back to bed.

At 7 o'clock yesterday morning Gall reported to Constable Joseph J. Jones. An investigation revealed that all of the town's telephone wires had been severed. At the Santa Fe station all of the telegraph cables had been cut. Just outside of the bank's doors were found a complete set of saw-blades and ripping tools.

The cutting of the telegraph wires is a federal offense and government officials are co-operating in a search for the bandits.

## REGENT MILLS IS ACCUSED BY LEGISLATOR

Assemblyman Charges U. C.  
Board Man Campaigning  
in His District.

By E. VAN LIER RIBBINK.  
TRIBUNE BUREAU, SACRAMENTO, April 25.—Charges of "unfair" campaigning on the part of regents of the University of California against his bill, which provides for the reduction of the tenure of office of the regents from sixteen to eight years, were made today by Assemblyman Van Lier Ribbink, of Butte City, Glenn county.

Van Bernard accuses one of the regents, James Mills, of "being engaged at the present time in touring my constituency, and making a house to house canvass of my constituents, and of trying to bring influence to bear on me to abandon my opposition to the Board of Regents as at present constituted."

Van Bernard favors the appointment of an agricultural and labor representative on the Board of Regents, and his bill, which is also sponsored by the State Federation of Labor, is generally regarded as "a club to bring the regents to time."

### SAYS ACTION NOT FAIR.

Van Bernard said: "The action of Regent Mills in making a swing around the circle of my constituency, while I have to remain in Sacramento for the legislature, is hardly fair. I am receiving many telegrams and letters from people in my constituency, urging me to resign, as a result."

"Regent Mills does not only criticize my stand on the regents question, but he also attacks my stand on the budget, which is in opposition to the administration."

The regents' bill has been reported out of committee, and is due to appear on the floor of the assembly within a few days.

Though the legislative session is now approaching adjournment, new bills are still being introduced from time to time.

One of these is a bill by Assemblyman Walter J. Schmidt of San Francisco, providing that state employees shall be paid semi-monthly instead of monthly.

At present, Schmidt declared that his purpose in introducing the bill is to "save the small state officials from the clutches of the loan sharks," and he adds that "these minor officials are often compelled to borrow money from usurers, as their meager pay does not last them over the entire month."

### MOTORBUS TAX BILL.

Senator F. A. Arbuick, of Santa Barbara, today succeeded in "re-scheduling" his bill providing for taxation of the gross receipts of motorbuses, from the committee on revenue and taxation, where the measure had been shelved. To the attorney of the motorbus lobbyists at the capitol, who had imagined that the bill had been "put to sleep" for the session, the chances of passage appear brighter than ever for the measure. The original bill provided a 7 per cent tax on the gross receipts of the motorbuses, but Senator Arbuick is amending this to a 5 per cent tax, after deduction of local taxes. It is understood, however, that the lobbyists have made up their mind not to accept this compromise, and that they are already strenuously at work to try to "wake the bill up" more.

### WORLD WAR SPIRIT FISHING.

Catching fish "for the sport of it" only, and not for the purpose of human consumption, will be made a misdemeanor under a bill which passed the Senate today. The bill was sponsored by Senator W. F. Gates, who declared that, if the fisherman himself did not desire to eat his catch, he should at least be made to pass it on to somebody with an appetite for the finned denizens of the California lakes and rivers, and that the throwing away of fish after it had been caught, was a sinful waste.

Senator J. M. Luman gave notice that he will move today for reconsideration of the bill.

## American Against French

French or American type is the more charming is being waged between French and American artists. Justine Johnson (above), of New York, has been chosen as the American candidate and Mlle. Huquette Duffor (below), said to

## L. A. Men for U. C. Split Jammed in Budget Fight

By E. VAN LIER RIBBINK

TRIBUNE BUREAU, SACRAMENTO, April 25.—Foreed through the strategy of their opponents to choose between defeating the standard of Governor Friend W. Richardson or voting against a \$250,000 increase for the southern branch of the University of California, the members of the Los Angeles delegation at 2 o'clock this morning chose the latter alternative.

Thus ended another day which witnessed the adding of a further \$500,000 to increased appropriations over and above Governor Friend W. Richardson's budget. The battle reached its climax in the small hours this morning, when the opposition produced an amendment which was adopted by the Los Angeles delegation as a "trap," in that it forced them to vote against the proposition to increase the appropriation for the southern branch of the university by \$250,000. In their heart of hearts it was only natural that the Angelenos would favor the increase, but political expediency dictated that they should obtain these funds not by amending the budget, and thereby offending the governor, but by the passage of a later date, of Senator Charles W. Lyon's special appropriation bill, which is at present in senate committee, and which seeks to provide the funds for a three-year course at the southern branch of the university.

DEFEATED BY 40 TO 25.  
And what embittered the Los Angelenos more than anything else was the fact that this amendment had been introduced by Assemblyman Otto Emme of Los Angeles, an "insurgent" from their own ranks. Emme became the center of all administration attacks, and spokesmen for the opposition, and the object of the amendment was to place the Los Angeles delegation in a position to discredit the administration with the people of the southland, that it did not have the best interests of the southern university branch at heart, as evidenced by the sudden selection of the anti-administration legislators from Pasadena in the matter of the southern branch, and that the whole thing was "the merest cantonade."

However, the battle was against the administration throughout the day and night. At 2 o'clock this morning, when the weary house of last adjourned, a further \$500,000 to increased appropriations for the administration, "headache" budget as follows:

Home for Blind Children at Berkeley, \$150,000 increase, being a \$80,000 increase over the budget. "Veritas" Home at Yountville, \$7,000 increase.  
San Diego Teachers' College (previously defeated) \$2,000 increase.  
Chico Teachers' College (previously defeated) \$3,000 increase.  
State Building and Loan Commission, \$1000 increase.  
State Board of Health, \$114,000 increase.  
The total of these increased appropriations stands at \$100,000 more than the increases which were forced through the assembly on the previous day, and it seems that, by the time the assembly gets through with the budget, almost every item of importance will have been "passed."

BITTERNESS DISPLAYED.  
A prolonged debate took place over the \$114,000 increase for the State Board of health, which was dramatic news were made for the cure of tuberculosis by Dr. J. Ball and other assemblymen, and a spirited debate of some

## CAPITAL AROUSED BY PRESIDENT'S PLEA FOR COURT

Attitude of the Republican  
Leaders Regarding Tribunal  
Explicitly Availed.

By LAWRENCE MARTIN.  
United Press Staff Correspondent.  
WASHINGTON, April 25.—Political Washington was at fever heat of excitement today over President Harding's speech, tying to his 1924 candidacy and to his party's fortunes the world court issue.

Harding returned from New York this morning. Senator Watson of Indiana also came back from New York and hunted up Senator Lodge to talk with him about the President's speech. Lodge was expected to call at the White House. Republican politicians were waiting almost breathlessly to hear what he would say after the meeting. For Lodge's statement will give lesser Republicans their cue and notify them whether there is a split in the party.

Harding indicated he would not be much disturbed by what Lodge, Watson, Brandegee or McCormick said, until he learned whether the people at large sided with him or his Republican critics.

The people's verdict probably will determine the President's course. If the country shows that it agrees with him, he will vigorously continue to urge that the United States become a party to the court. If the other side prevails with the public, he probably will yield gracefully by letting the court issue slip quietly into the background.

Watson went everywhere yesterday that Harding went, but did not confer with the President—even walked past him at the ball game without speaking. He said the whole discussion in Republican ranks is good humored and will remain so.

"The President's speech did not convince on the point which I was particularly concerned about—the six British votes. I do not think it will convince the American people, either."

## MARVIN BECOMES HEAD OF U. OF A.

TRICSON, Ariz., April 25.—Clord Beck Marvin, Ph.D., said to be the youngest college president, was inaugurated president of the University of Arizona here last night. Dignitaries from many parts of the United States attended the ceremonies.

After being graduated from Stanford Stanford Jr. university in 1911, Dr. Marvin was appointed a special member of the Los Angeles efficiency commission. He pursued his studies in business management and economics at the University of Chicago, receiving the degree of Master of Arts, later he attended Harvard university where he was given the degree of Ph. D.

Prior to that time, Dr. Marvin had joined the colors in the world war and was assigned to the second trencher training camp. Within two months he was given a captain's commission and stationed at Portland, Ore. After the armistice, Dr. Marvin returned to Los Angeles and in 1919 became dean and associate professor at the education branch of the University of California.

## Harding Defi Refreshing Evidence of Leadership

By J. R. KNOWLAND.  
Publisher Oakland Tribune.

NEW YORK, April 25.—A new Warren G. Harding was revealed when he addressed his fellow newspaper publishers at the Associated Press luncheon and hurled defiance at those members of his party seeking to force him to soft pedal on his announced policy in support of the permanent court of international justice.

It generally was acknowledged to be the president's most noteworthy address since his inauguration and one that would enhance or lessen his chances for renomination. It also was to determine whether he was to lead his party or to follow the leadership of others advocating policies at variance with those he has announced touching foreign relations.

As I listened to the address, I was reminded of similar occasions when Theodore Roosevelt, meeting opposition from party leaders to congress, boldly presented his case to the American people and won. President Harding displayed a like fighting spirit that took with his audience, whatever the impression it may make upon the country.

"KEEPING THE FAITH."  
By quoting an unbroken line of party platform declarations up to the last national convention, at which he was named, the president very adroitly brought out the fact that in advocating an international court he was keeping the faith and not making a scrap of paper of solemn promises, and, by inference at least, that those who would repudiate these pledges were placing themselves outside the pale of regularity.

To those "last ditch" opponents of the League of Nations, who charge that advocacy of the international court carries with it an endorsement of the league and possible future membership, the president answered emphatically and unequivocally by declaring that the United States did not propose to enter now by the side door, the back door or the cellar door and that no policy could be so decisively stamped with finality.

One of the most impressive points brought out was in defining the world court as a judicial tribunal, to be governed by fixed definite principles of law administered without passion or prejudice, as contrasted with the league, pictured as an association of diplomats and politicians whose determinations were sure to be influenced by considerations of expediency and national selfishness.

WARNING AGAINST BLOCS.  
The president sounded a note of warning against the tendency of getting away from parties. Reference was made to the danger of government by groups of blocs and the tendency of individuals to

ence which has sent party loyalty into the discard.  
At the conclusion of the address the comment was most favorable among men who are generally regarded as critics. The risk-taking spirit, unhampered and the apparent sincerity of the president's utterances met with strong approval. It was a refreshing evidence of virility and of much needed party leadership at Washington.

J.J. Valentine Leading Field In Golf Play

Athenian-Nile Tournament Draws Large Entry at the Sequoyah Club.

About seventy Athenian Nile golfers yesterday competed in the first half of their annual club championship over the Sequoyah Country Club's course, under ideal conditions for scoring. Steve had the greens and fairways in splendid condition and although few of the players got within halting distance of par, their trouble was invariably caused by careless play.

LAST NIGHT'S FIGHT RESULTS

LOS ANGELES, April 25.—Bert Collins of Whittier, Cal., easily defeated Tom King, said to claim the middleweight championship of Australia, in the main event at Vernon arena last night. In the semi-windup Salter Ritter of Los Angeles and Tilla ("Kid") Herman of Sacramento, middleweights, meeting at catch weights with Ritter several rounds the heavier, boxed a draw.

Detroit Team Beats Indians; Cubs Lose One

CHICAGO, April 25.—Ty Cobb's Detroit Tigers, steady in the ninth inning of a wobbly game, broke the winning streak which the Cleveland Indians began the season by taking yesterday's contest, 8 to 7.

# COMMUNITY CHEST CAMPAIGN CONTRIBUTIONS REACH HALF WAY MARK

## TWO MORE DIVISIONS REACH QUOTA

**Oakland Lags Behind Other Coast Cities in Giving, Declares Max Horwinski, Urging Free Donations**

The latest totals for the Community Chest fund drive as announced today at the business luncheon of Community Chest fund workers were:  
Obtained so far, \$237,203.  
Obtained within the last 24 hours, \$41,756.

With two more of the divisions attaining their quota, the Oakland Community Chest campaign contributions climbed today to the half-way mark.

Campaign Director Lynn Mowat today announced that but 6333 subscribers had contributed. He anticipates that 40,000 subscribers will have contributed before the end of the campaign period.

Emphasis upon the necessity for prompt and generous subscriptions on the part of the public and redoubled efforts on the part of the workers was placed yesterday in a statement by Max Horwinski, chairman of the executive committee.

"The campaign is now more than one-half over and we have not attained the half-way mark in our goal of \$485,306," declared Horwinski. "This is surely a matter of grave importance. San Francisco put her Community Chest campaign over other big cities have put it over and Oakland is lagging behind. Let everyone consider his individual responsibility in this campaign. Oakland is declared to be third in the list of fastest-growing communities in the country. She cannot afford to fall down in this campaign. To the individual subscriber I would say: Conserve the time of the workers by giving promptly and by 'digging down' till it hurts. To the workers I would say: Study the reports on the Community Chest budget board of those divisions which have attained their quota and you will find that their success was attained by team work, by everyone getting his shoulder to the wheel and doing his individual best."

**COFFEE HAS FAITH.**  
Rabbi Rudolph I. Coffee addressed the Community Chest workers at their rally luncheon today. He said:

"I have an abiding faith in the goodness of Oakland citizens, but they need to be explained. So many of us, just like those old shacks on the west side of Broadway, from First to Fourteenth street, are standing as reminders of the days when Oakland was beginning to grow. There are too many in Oakland who deliberately will to be in that class."

"The Community Chest idea is not on trial. We citizens of Oakland are."

Subscriptions announced yesterday included:

\$100—Laundry Owners' Association.  
\$750—Weaver-Walls Co.  
\$600—H. W. Low, H. H. Michaels.

\$500—T. A. Crellin, Golden State Bank Co.; Farmers & Merchants Savings Bank, Harrison Robinson, S. & Harry L. Price.

\$200—Sizable Hardware Co., \$250—Mr. and Mrs. Fred Sherman, Wickham-Havens Inc.

\$200—Carl H. Abbott, Aermotor Co., Charles A. Beardsley, Bekins Fireproof Storage, H. P. Cox, 155 Montgomery street, San Francisco; Crescent Casket Co., Mr. and Mrs. R. T. Levensaler, E. Wells.

\$150—Chandler & Lyon Co., Fred H. Wood, M. Sussan Co., Chas. H. Wood, Frank Woodward.

\$125—Mutual Business Club.

**Husband Granted Divorce Decree**

Carrying custody, Caydon R. Rieby of Oakland today was granted a divorce from Virginia L. Rieby of Santa Rosa by Superior Judge Quinn. Rieby charged that his wife did not keep their home properly and that she refused to wash their child and dress the little one properly. He said that while they were on a trip his wife left the train at Santa Rosa, and that he had not seen her since, although he has repeatedly written for her to return to him.

## Here's the Reward for Digging Deep

Just one of the many ways in which the money collected for the Community Chest is used to benefit the people of Oakland. The picture shows a group of mothers awaiting admission to the free baby clinic held daily at the Baby Hospital.

## Chest Workers Not Paid, Reply Leaders to Query

Community Chest headquarters today made the following answers to several questions which have been asked regarding the campaign.

Q.—Is the chairman of the Community Chest and are the workers under salary?

A.—Absolutely not. Neither the chairman nor the humblest worker is being paid one penny of compensation. They are donating their time, energy and effort. As a result the overhead on the Community Chest campaign is the lowest of that of any campaign ever held in Oakland.

Q.—The average campaign overhead is 25 per cent. The Community Chest campaign overhead is less than 5 per cent.

A.—Is it true that the Community Chest campaign solicitors are working upon a 5 per cent commission basis?

A.—Such is not the case. The Community Chest solicitors are not receiving one cent of compensation. You have evidently confused the fact in some way with the announcement that the overhead cost of the campaign will be less than 5 per cent.

Q.—Is any of the agencies listed in the Community Chest budget receiving more money than it should?

A.—No. The allotments made the various agencies in the budget were based upon computation made of their requirements during the past three years. If you will compare the sums sought in the bigger campaigns of the agencies in the past with the amount of money allotted to them in the Community Chest budget, you will get an illuminating idea of the work accomplished by the budget committee of the Community Chest organization.

Q.—I have been told that the workers of the Community Chest at the Hotel Oakland are paid for out of the Community Chest campaign budget.

## BURGLAR BALKS AT CHEST THEFT

Why should a man who had broken into a home with the intention of plundering and robbing, balk at stealing money destined for the Community Chest?

Such a man entered the home of William W. Shea, major for Division No. 7 of the Community Chest organization, Sunday evening. Frightened away before he had succeeded in his purpose, he took out a dollar in cash and left behind him \$200 in currency that had been collected for the chest. To the money were attached cards showing the purpose for which the money was intended.

Psychologists and students of social history may have a comprehensive answer to the introductory question, but in the last analysis it would only show that the burglar knew Jimmy, or someone in the same fix Jimmy is in, and knew what the charity fund would do to help him.

Jimmy fell in love before he was 20," reads a portion of Jimmy's history in the records of the Associated Charities, "and the first thing he knew he was a married man. That was some time ago. Now he is the responsible head of a stable family. On meeting him for the first time one would take him for a 21-year-old. It is unbelievable that the eldest of his four children is nine years old."

Jimmy had met with more than his share of hard luck recently, it seems, and the Jimmy family found itself in an appalling predicament. The Associated Charities showed Jimmy the way out.

Perhaps the burglar who entered the home and decided to take from the Community Chest funds knew of Jimmy. Perhaps he was Jimmy himself. At any rate, the incident stands as an example of what the welfare fund being collected to help the needy of the city means to those who know the desperation of hunger and want.

Q.—Are all agencies satisfied with their allotments in the budget?

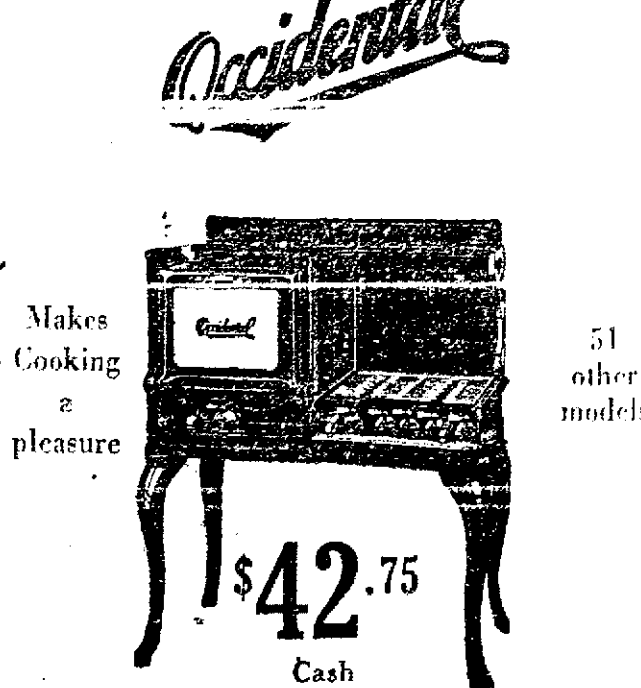

A.—The officials of the Community Chest are glad that this question has been asked, as the answer will reveal the thoroughness with which the budget committee considered the needs of the exception of perhaps two agencies, all have expressed themselves as satisfied and in one or two instances mentioned adjustments will be made which will adequately meet their needs.

**BOY'S BODY FOUND.**  
DOWD, Ariz., April 23.—The body of Lawrence Jones, student of Idaho, missing in the Chinleth mountains since last Thursday, was found today, according to information received here. He became separated from two forest rangers while fighting a forest fire.

PASSION PLAY UP  
SANTA CLARA IS  
DRAMA OF DECADEMajestic Pageant Presented  
With Force, Dignity and  
Beauty by Students.

By WOOD SOANES.

Majestic in its trend, the tragedy of the Founder of Christianity passed in review at the first presentation of "The Passion Play of Santa Clara" by the students at that institution yesterday.

It is easily the most impressive theatrical production of the decade and reflected credit of the highest order on those responsible for the preparation and presentation of this dramatic pageant by Clay M. Green.

"The Passion Play of Santa Clara" is something entirely foreign to anything ever presented on the California stage, and while it is the work of amateurs their sincerity more than overbalanced what technical faults were resultant of their lack of experience.

In this production it is not the work of the individual artists, but the general ensemble, the magnificence of the theme, the tragedy of it all and the fine insight into human strength and weakness that demand attention from that beautiful prologue wherein the angel appears to the shepherds to guide them to the Bethlehem stable to that melodramatic last episode when the heavens are rent, the veil of the temple is torn asunder and the pillars crumble and fall as the last hour of crucifixion passes.

**DRAMA AND BEAUTY.**

Care has been taken in the preparation of the story for the stage to preserve all of the dramatic elements and to emphasize them to the best advantage. There are seven scenes after the prologue, and with only two exceptions the climax is both logical and forceful. In the excepted cases beauty of tableaux was sought for rather than dramatic strength.

While it is to the author that the chief credit goes for this majesty, it would have been of no avail without the artistic and sympathetic stage direction of Martin V. Marie, whose groupings were gems of stage craft, and whose mob scenes and mechanical effects were the more remarkable when the observer considered that it was with unprofessional talent and meager equipment that the producer was working.

"The Passion Play of Santa Clara," probably so called to identify it with the educational institution where it is being presented for the fourth time, opens with a prologue describing the doubts of the shepherds on the rumor that the King of the Jews had been born and the arrival of the wise men to worship at the humble throne.

**CURIOUS EFFECTS.**

This scene was presented with a curious wedding of the story of the east in costume and the simplicity of the herders of sheep. After one could see the star shining with steady light on the city of Bethlehem and the cave where the Christ child lay.

Thirty-three years pass between the prologue and the first scene and the audience is ushered into the Council Chamber of Calaphas to listen to the plans of the high priests for the elimination of the disturbing element and the decision of Judas Iscariot to betray his master for thirty pieces of silver.

Follow then the scenes of the Mount of Olives immediately following the betrayal; the throne room in Herod's palace, where he decided to let Pilate make the decision; the court yard of Pilate's palace, where the surging mob chooses Barabbas in place of Christ; the epochal procession to Calvary; and the interior of the Temple at Jerusalem.

The entry of Christ into Jerusalem in the first scene was the most impressive of the play; the mob scene in Pilate's courtyard the most awe-inspiring; and the decision of Judas to slay himself and his preliminary monologue, the most dramatic in "The Passion Play of Santa Clara." The physical presence of Christ is indicated throughout by a ray of light.

**JUDAS STANDS OUT.**

Of the individual performances, Charles R. Boden's Judas, created and played in 1901-02, by John Ivan, who is now a well-known dramatic stock actor, was the outstanding interpretation. Boden's sincerity was his chief asset, and he dominated every scene he had. Other fine performances were given by Gunter O. Abrahamson, who as the leader of the rabble, was particularly strong; Albert D. Halloran, as Herod; Henry M. Robidoux, mature and forceful as Peter; and Vincent H. O'Donnell, as the rich publican, Jechonias, father of the Apostle Matthew.

Arthur J. Saxe gave a competent reading to Matthew; John M. Jackson, the upper register as Calaphas; Henry J. Miller made of Pilate a strong rather than a vacillating figure; and Alfred A. Ferrario made the comparatively small role of Dathian stand out like a cameo through the medium of his pantomimic acting. There were more than a hundred students in the cast, with about thirty-five speaking parts.

A word of praise is also due J. Ernest Becker and the students responsible for the operation of the

ENJOYS BANQUET

ALAMEDA, April 25.—Members of California Council No. 24, Young Men's Institute, celebrated the thirty-seventh anniversary of the council's founding last night in Institute Hall with a dinner largely attended by the clergy, grand officers of the order and members of the Alameda council.

Paul H. Weinberger acted as toastmaster and introduced the speakers for the evening. Short talks were made by the guests of honor including the Rev. Father J. B. Fraught, Charles Russell, grand president of Sacramento; Robert E. Pike, president of the Alameda council; W. W. Goggin, past president of the local chapter; Joseph Gammon, grand director; Thomas O'Brien, past grand director; A. L. Guerre, Rev. Father Synon and Frank L. Robelino.

**PINES PLANTED IN PARK.**

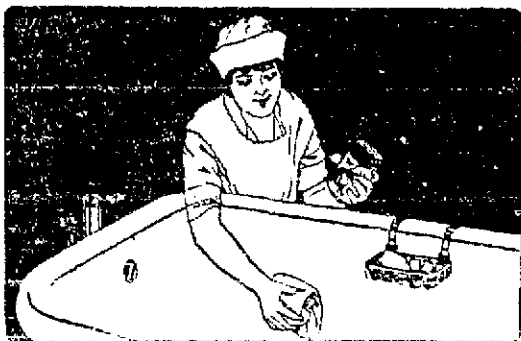

ALAMEDA, April 25.—Two Monterey pines were planted today in the new Franklin park in this city to perpetuate the memory of Mrs. Eliza Baum. The trees were presented to the city by Mrs. Malvina Baum of Oakland, a sister of Mrs. Baum. A portion of the park was formerly a part of the Baum homestead.

There's a right and a wrong way to clean enamel and porcelain. Old Dutch is the ideal cleanser for them because its fine, flaky particles not only take off dirt, but preserve the fine, smooth surface.

A little Old Dutch goes  
a long way

Old Dutch is economical because a little of this natural cleanser gets rid of a lot of dirt and you don't have to use so much cleaning material.

It does its work quicker, too, because you don't have to go over the same surface again and again. Old Dutch erases the dirt the first time.

The reason is that Old Dutch is composed of a fine, flaky material whose particles lie flat and cover more surface. It picks up all the dirt and leaves a clean sweep behind it. Naturally it does every cleaning job more thoroughly, and leaves the surface sweet and clean.

SPIRO ELECTED  
PRESIDENT FOR  
THIRD TIME

Other Officers Also Chosen  
by Directors of Merchants'  
Exchange.

I. H. Spiro was returned to the presidency of the Merchants' Exchange by almost unanimous vote at a meeting of the directors last evening. This is the third time Spiro has been elected to this office within the past eight years. V. D. Mulkey was elected vice-president; Wilbur Walker, treasurer and E. H. Hart, secretary. A special information meeting will be held at the exchange Tuesday evening for the purpose of listing the speakers on the estuary tube project and on the water district plan. Charles C. Wilson, manager of the tube-the-estuary campaign, will present the arguments for the tube. This meeting will be open to the public and business men are particularly invited to attend. It was arranged for the purpose of placing the facts concerning these two measures, which are to be voted upon the coming May election before the Oakland merchants and business men.

Through the medium of an endorsement the Merchants' Exchange is backing the passage of an ordinance by the city commissioners placing auctioneers under municipal supervision and control. The ordinance now being considered by the commissioners is based upon one in effect in San Diego, and provides for the licensing of auctioneers and penalties against blind packages, misrepresentation of goods and "cannery."

Information was received today to the effect that the name of C. D. Okerlin, East Oakland merchant, should not have appeared on the license of the soft drink

Veteran of Civil  
War Leads Fifth  
Bride to Altar

Married for the fifth time and at the age of 82 years, James Anderson, of Hayward, a Civil War veteran, is believed to hold the matrimonial record in California.

Anderson, who is junior vice-commander of Appomattox Post, Oakland G. A. R., led his bride to the altar in Hayward last evening. The bride was Mrs. August Cooper, aged 55, a widow, who had been married only once before.

The marriage ceremony was performed by Rev. H. J. Winsor, of the Methodist church. The couple will make their home at 634 Second street, Hayward.

Anderson is a native of Indiana and enlisted in the Civil War with the 21st Indiana Regiment, which was reorganized into the 4th Indiana after the battle of Chickamauga. His bride is a native of Texas.

**POLICE SEEK "PEEPING TOM."**

ALAMEDA, April 25.—F. Tomkins, of 1531 Sixth street, has asked the police to apprehend a "Peeping Tom," who has been seen on five different occasions looking in the bedroom window of his home between the hours of 11 o'clock and midnight. A good description of the night prowler has been furnished the police by a neighbor of Tomkins, who saw the man peering through the window last night.

ARCHAEOLOGISTS  
TO SEARCH FOR  
RIVER GIANTS

Amateur archaeologists from both sides of the bay left Oakland by automobile this morning in an attempt to discover whether huge figures resembling statues in the Grand Canyon of the Colorado are really the mummified remains of a prehistoric race of giants.

The party includes Samuel Hubbard, a director of the Pacific Telephone and Telegraph company, who will represent the curator of the Oakland museum; Frederick Shaw, Oakland photographer; Milton T. Farmer, San Francisco attorney; and Jacob W. Pauson, director of the San Francisco clothing firm of Pauson and company, and of a number of oil concerns.

"The figures, which were observed from a distance by Hubbard several years ago, appear to be about 13 feet high, and no white man has ever been able to approach them closely enough to determine whether they are mummies or statues carved from the rock," said Farmer before starting on the trip.

The destination of the automobile party is about fifty miles from El Tovar, Ariz. The investigators expect to return within two weeks.

BATTERIES**

Is your car too fond  
of the curbstone?

After your car has stood by the curb for a while in chilly weather or with the lights on, is it reluctant to leave the place? If your car suffers from this embarrassing habit, you ought to be receptive to a few words about an adequate battery.

There is no excuse for owning a battery that will not start your car and give you the right kind of service every you need it. There is no excuse, because an Exide Battery will give you the battery service you are entitled to and it will give it to you for so long a time that it is a practical economy to buy one.

**The pioneer storage battery**

The dependable power and long life of Exide Batteries have been proved to the great satisfaction of millions of motorists. Exide was the first storage battery, and today it goes on more cars leaving the manufacturers' hands than any other battery.

Don't buy a makeshift battery. It does not pay, either in comfort or in dollars. The nearest Exide Service Station has the battery for your car.

statement of the facts as told him by his client.

Fenton was held here on a bad check charge, but was released a week after Mrs. Phillips escaped. A short time later he was arrested in San Francisco on a similar charge.

Fenton, in the meantime, has been returned here to face the first charge. Whether Fenton can shed any light on the case or merely confirm details of the escape as already gathered, was eagerly awaited by Deputy District Attorney James Costello, who will question Fenton.

That Mrs. Phillips forgave her husband, Armour L. Phillips, who "told" Sheriff Traeger immediately after the slaying of Albert Meadows, that his wife did the killing, was revealed when it was learned that Phillips has a "love token," a present from his wife on his twenty-ninth birthday, October 5 last. The gift is a book and on the front of it Clara has written:

"To my beloved one, whom I am always thinking of, and may God keep you from all sorrow. From yours, forever, Clara."

### WILD ASK FOR EXTRADITION.

SACRAMENTO, April 25.—(By International News Service.)—The governor's office received a telegram from the Los Angeles district attorney's office today saying that requisition for the extradition of Clara Phillips, escaped hammer murderer, will be presented to Governor Richardson here tomorrow morning. Application probably will be made for the return of Jess Carson, companion of the woman held in Honduras on suspicion of being Mrs. Phillips, at the same time, attaches of the governor's office stated.

LEIT WIFE FOR AFFINITY.  
SAN FRANCISCO, April 25.—Mrs. Edgar Bergmann, in a suit for divorce filed here yesterday, charges that her husband, who is secretary of the University Club, left his home for an affinity. She states that he lived under an assumed name at 730 Powell street.

## Assemblyman "Jake" Croter Opposes "Nonsensical Laws"

TRIBUNE BUREAU, SACRAMENTO, April 25.—A meek and chastened Assembly is the result of a lecture delivered on the subject of "nonsensical laws" by Assemblyman "Jake" Croter of Oakland, in his best inimitable umpire style. Croter told the Assembly:

"I have only been a member of this Assembly for a short time, but I cannot say that I am favorably impressed. If I had my way, this Assembly should meet only once in eight years. Come to think of it—sixteen years would be sufficient time to elapse before the Assembly meets again. Under the present system of meeting every two years, there is too much opportunity for the passage of nonsensical laws by the great majority of Assemblymen, most of whom are lawyers."

Croter found occasion to deliver himself of these sentiments in the course of the debate on the bill which was introduced at the request of Rabbi Rudolph I. Coffee of Oakland, and which adds the question, "Are you in good health?" to the list of questions which every applicant for a marriage license is called upon to answer. Croter was speaking in favor of the bill, and made it plain that he did not include this measure in his reference to "nonsensical laws." The bill was passed.

## Firemen Say No Added Tax Budren

BERKELEY, April 25.—The firemen's proposal for an increase in salary, to be voted on May 1, will not cost the taxpayers of Berkeley a single cent in addition to the taxes they already pay, according to a statement of Lieutenant Arthur Higgs, speaking last night at a meeting in Thousand Oaks, Higgs said:

"All that the firemen seek is an increase of approximately \$1 a day in order that they may comfortably provide for their families. The basic wage scale now is \$326 a month. Out of this amount \$25 must be set aside for uniforms and other equipment and another fund must be used for insurance, which comes high in the case of firemen because of the risk."

## Commuter Students Plan Theater Party

BERKELEY, April 25.—"Utrique," the University of California Club, for commuters from San Francisco, is planning to hold a tea and theater party May 12 as the concluding event of the activities of the college year.

The commuters organized their club early in the year, and it has grown until it includes nearly all of the San Francisco students who commute daily. Bridge games, en route and impromptu meetings are held on the ferry to wife away the time.

New officers for the next year were elected at the last meeting. They are Eugene de Martin, president; Mylinda Hirsch, vice-president; Gladys Smith, secretary, and Maure Conder, treasurer.

## Co-ed Athletes of West Plan Parley

BERKELEY, April 25.—Co-ed athletes from all the western universities will meet at Stanford next Friday.

The University of California will be represented at the conference by the newly elected officers of the Women's Athletic Association, who are Vivian Osborne, president; Rita Benedict, vice-president; Nancy Epp, secretary, and Kathleen Kelly, treasurer.

Swimming, canoeing, basketball, hockey, archery, baseball and track are among the sports that the athletic body will discuss. Awarding of honors in the shape of pins, humbugs and sweaters for distinguished work will be standardized and training rules will be considered at this time.

The conference is the first to be held on this coast, and organization of a western collegiate annual conference will be perfected by the athletic students.

## Motorist Spurns Rail Signal, Dying

STANFORD, April 25.—(By United Press.)—Warned of the approach of a freight train, but paying no heed to the signals, Lowell Peterson, of Sacramento, tried to beat the train to Cemetery Crossing, east of Hanford, at 8 o'clock this morning, and is now in a local sanitarium at the point of death.

Peterson was within a hundred feet of the tracks when employees of an oil station waved to him to halt. Instead, they said, he speeded up for the crossing and was struck by the engine. Surgeons say he has little chance for recovery.

do not go to listen to them. A little paid talent might help put these programs on a high basis."

MUSICAL HEAD  
JOINS OPPOSITION.

Similar comment was made by Julius Wagner, director of the Berkeley Musical Association. "I'm sorry," he said, "that the ministers do not realize that good music can help them more in proper observation of the Sabbath than probably any other one thing. A symphony concert 'discovered' the Sabbath by there will be people here from all over the country this summer and want more wonderful advertising and artistic medium could Berkeley afford than these concerts?"

PASTORS' PRESIDENT  
DEFENDS STAND.

Defense of the stand taken by the Berkeley Fellowship of Churches was voiced today by Dr. R. P. Bennett, pastor of Trinity M. E. church and president of the religious body.

"We went into this matter from all angles and listened at length to the arguments of Keeler and Hume before our body but we could not see our way clear to do other than what we did," said Dr. Bennett today. "We are sorry that this has developed into a controversy. The ministers of Berkeley did not take the initiative in this matter. We were asked for our opinion by the university authorities and we gave it. There was absolutely nothing else we could do. There is a tendency all over the country to break before our body but we could not see our way clear to do other than what we did."

SWARTZ REPLIES  
TO ARGUMENTS.

Replying to the statement of Gilbert Moyle that church artists were paid for their services, President Herman Swartz of the Pacific School of Religion and one of a committee of the community and Fellowship of Churches to draft a communication to be sent to the university, said:

"There are three types of service permissible on Sunday and these are those of mercy, necessity and religion. I can see in these concerts nothing but the commercializing of a holy day."

Formal protests against the action of the ministers are being prepared in Berkeley today by artists and church members. In good music will be forwarded in frequent intervals in an effort to have him decide for the concerts.

SITUATION EXPLAINED  
BY BARROWS.

A statement issued this morning by Dr. Barrows explained the situation as follows:

"Some time ago the proposal was made to give a series of symphony concerts on Sunday afternoons in the Greek Theater. In order to give these concerts a charge would be necessary. The university has never conducted Sunday afternoon programs for which a charge was made. Feeling that such action might wound the feeling of religious people of Berkeley, the president directed the director of the Greek Theater to consult with the clergymen of the city and advise him of their opinion. No advice has yet reached the president and the matter remains undecided. The president has, therefore, not considered the matter finished or made any decision."

The ministers' ultimatum was as follows:

"With regard to your request for a statement of the position of the Berkeley Fellowship of Churches concerning symphonic concerts with paid admission to be held in the Greek Theater on Sunday afternoons during July, we beg to reply that the fellowship after considering the matter, wish to submit to you:

"First, we wish to express our appreciation of the courtesy of yourself and others in authority in seeking a conference with us on this matter.

Second: We join with you most heartily in appreciation of the value of symphonic music to the cultural life of our community, and of your efforts to secure this privilege for the people in Berkeley.

Third: There is, however, one reconsideration which in our judgment takes precedent even over cultural values, namely, the blessing of the day of rest for the spiritual life of the people. We regard with apprehension the growing tendency to commercialize Sunday, and we feel that your proposal as represented to us, tends in this direction.

We cannot, therefore, give our endorsement.

With kindest regards, we are Very sincerely,  
E. A. HANLEY,  
H. F. SWARTZ.

TWO IN FAMILY TELL WOES.

SAN FRANCISCO, April 25.—Mrs. Minnie R. Haynes, 57, is suing her 33-year-old husband, Lee Haynes, for separate maintenance in the local superior court. Mrs. Leila Mount, her daughter, has a divorce suit pending in the local court. Mrs. Haynes, who is a native of Kentucky, charging Emory Mount, her husband, with neglect. Mrs. Haynes charges that her husband abused and deserted her.

## Patrol Boats Will Enforce Seal Otter Pact

WASHINGTON, April 25.—(By Associated Press.)—Six patrol boats of the Bureau of Fisheries have been directed by executive order of President Harding to patrol waters of the North Pacific frequented by the fur seal and sea otter, and search any American vessel suspected of violating the international convention providing for the protection of such animals.

The boats are the Widgcon, Murre, Anklet, Petrel, Elder and Kittiwake, and they are directed to seize suspected vessels and the crews and bring them into the most accessible port of Alaska, California, Oregon or Washington for trial. The nations party to the convention are the United States, Great Britain, Japan and Russia.

## NEW INDEMNITY OFFER EXPECTED

By FRITZ EBERT JR.,  
Son of President Ebert of Germany.  
(Written for International News Service.)

Copyright, 1923, by International News Service.

BERLIN, April 25.—What only a week ago seemed far distant is today immediately at hand: The beginning of the end of the Ruhr adventure.

The statesmanlike speech of Lord Curzon, British foreign secretary, in the House of Lords in London, pointed the way which Europe must go. Chancellor Cuno has declared that this may alter the present situation considerably. Premier Poincaré's excited speech has not changed the new attitude of the government—an attitude created by the Curzon speech.

Stripped of diplomatic phraseology, the latest official pronouncements mean that the German government is ready to make (reparations) proposals. Already serious preparations are under way. The offer may be made at any time—possibly within 24 hours.

In these proposals the questions of reparations and France's security play a predominant role. For us German Republicans there is no such question as security for France. We have learned too much from the war. Besides we are so thoroughly disarmed that we could not even imagine active resistance in the Ruhr much less an attack against France or any other neighboring state. We German republicans—Socialists and the working masses—are ready to offer any security whatsoever that does not violate our sovereignty.

### CENO CABINET BUSY

BERLIN, April 25.—(By the Associated Press.)—Whether Germany is warranted in now coming forward with a reparations offer in view of her internal financial situation, is perplexing Chancellor Cuno and his cabinet, according to well-informed political circles.

The government is represented as anxious of showing an accommodating attitude. In response to Lord Curzon's recent appeal to Germany to make the first move. Both the chancellor and Foreign Minister von Rosenberg are still said to believe that the shortest road to a solution of the whole reparations tangle has been suggested by Secretary Hughes.

Among the riching parties there is evidence of a strong determination to force the question of Germany's frontiers to an ultimate settlement. This phase is being stressed as representing an imperative requirement for the future recognition of Germany's territorial sovereignty.

Financial quarters are chiefly concerned with contemplating the prospects for floating a foreign loan.

## EDUCATION AND GOLD, OFFER TO REPLACE FATHER

Odin Steem, 7, and his sister, Marjorie, 5, have prospects of a fine education and the inheritance of wealth if they gain these things, they must lose forever their father, Odin Steem, according to testimony given today in a divorce suit brought by Mrs. Elizabeth Steem, mother of

Mrs. Eliza Bella Miller, owner of the California Petting company and reputed to be extremely wealthy, testified that as grandmother of the children, she was prepared to send them to school, even at a cost of \$1000 a month, and provide for them in her will. But she added that she would do this provided the court issue a decree prohibiting the father from having anything to do with his children. She said that if he were permitted to see them even one day a month, she would cut them off without a cent.

Superior Judge J. S. Koford, who is hearing the case, continued to obtain additional testimony.

## CHURCH TO VOTE UPON PROPOSAL TO SELL SITE

Congregational Members to  
Decide Whether Sale of  
Lot Is Advisable.

The members of the First Congregational Church will decide by vote tonight whether or not to accept the Athens Athletic Club's offer of \$25,000 for the church property on Clay street, between Twelfth and Thirteenth.

The vote is to be taken at a special meeting, to be held in the church at Twelfth and Clay streets, presided over by R. A. Leet, president of the board of trustees.

The club's offer was made for the property two weeks ago, after its membership had previously voted unanimously for the church site as the location for the proposed clubhouse.

The Downtown Merchants Association, headed by S. B. Swan, has already raised \$125,000 of the purchase price, and has turned over its pledges for this amount to the athletic club.

HEADS DISTRICT  
WOMEN'S CLUBSOakland Woman Is Selected  
As President of Alameda  
Branch of Federation.

By EDNA B. KINARD.  
LODI, April 25.—Mrs. E. L. Warner of Eboli, Oakland, has been named for the presidency of Alameda district, California Federation of Women's Clubs to succeed Mrs. George Allen Rice of Rockridge Women's club, Oakland. Her name was presented in nomination this morning on the regular ticket offered by the nominating committee, Mrs. W. S. Montgomery of Lockeford, chairman. By unanimous agreement of the committee precedent has been broken in introducing a candidate for the executive office from the city which gave her predecessor to the presidency. Mrs. Warner has served on the district board for several terms. During the past two years she has held the office of first vice-president.

Approval of the Sharkey bill which is before the state legislature providing for enlarging of the Federal Reserve on all, Diablo and providing a state park, was given in a resolution presented today. Authorization of a request to Governor Richardson to reconsider his decision regarding an appropriation for the State Industrial Farm for Women and to allow a sufficient fund for building and maintenance for the next two years was also asked. The report of the resolution committee was presented by Mrs. Fisher Clark of Stockton to be acted upon tomorrow.

The Eastbay cities have a substantial representation on the ticket which will be voted upon Thursday morning. The candidates whose names have been offered are: president, Mrs. Warner, Eboli, Oakland; vice-presidents, Mrs. C. L. Dodge, Carquinez Women's club, Crockett; Mrs. E. C. Stewart, Philomathenian club, Stockton; Mrs. Belle Garrett, Adelphian club, Alameda; recording secretary, Mrs. C. L. Dodge, Carquinez Women's club, Berkeley; corresponding secretary, Mrs. Ernest Hadden, Twentieth Century club, Berkeley; treasurer, Mrs. Katherine Goodall, Rockridge Women's club, Oakland; auditors, Mrs. L. P. Belmont, Oakland New Century club; Mrs. Lee Jones, Lodi Women's club.

The annual banquet will be held tonight at Hotel Lodi, Mrs. E. C. Stewart of Stockton, chairman. Thomas D. Rowe, instructor in the Preston School of Industry will be the principal speaker. His subject is "A Vision of Education." Mrs. Lydia Lawhead, state chairman of education will present some of the "Traditions of Education."

Election of officers, adoption of resolutions and final reports are scheduled for the early session tomorrow.

The Adelphian club of Alameda will present a group of three short plays at the closing session. Mrs. Anne Godfrey, San Francisco, U. S. Department of Labor, and Mrs. Shirrel, chief of Rehabilitation Bureau, U. S. will address the convention tomorrow afternoon.

Women of California have stood between education and defeat, according to Frank H. Boren, principal of the University High school of Oakland, who delivered the inaugural convention address yesterday afternoon.

"Where men said 'We elected him,' Give him his four years," the women waited four days and got busy when the budget bill was made public," said Boren. "They have saved to the schools of California an appropriation of \$600,000 above that granted by the original budget."

"When Superintendent of Public Instruction Will C. Wood was accused of manipulating a political machine made up of the state's teachers he told the educators there was nothing for them to do in answering the charge," the speaker said. "Wood placed the responsibility upon the people. The women's organizations were the first to come to the rescue of our public school system of California when it seemed that several institutions would be crippled if not eliminated through budget appropriations," asserted the Oakland educator.

"To teach facts is an important part of a teacher's job, but not all of it," Boren said. "A teacher's greatest function is to develop habits of proper thinking, courtesy and proper thinking."

The duty and responsibility of

of Women's Clubs.

the schools is to develop health, civic responsibility, vocational opportunity, right use of leisure time, and responsibility to the home, according to the speaker. He took a shy fling at Governor Richardson in cutting down the appropriation for physical education, and expressed a conviction that when the present generation attained its majority more than 20 or 40 per cent of the registered voters would be casting its ballot.

Every subject in the school curriculum should justify itself in terms of good citizenship, Boren concluded. "Education must be both for the individual and the democracy."

"Constitutionalism" was the malady wished upon the delegates by Mrs. W. A. Fitzgerald, state president, in her greetings to the annual meeting. She diagnosed the disease as one which would not keep one at home but would rather take the housewife into the midst of the world. She outlined briefly the program for the annual convention of the California Federation of Women's Clubs which will be held next week in Eureka. She urged the club women to think of education in terms of living.

The many grievances which Mrs. Anna Phelps has against Clinton A. Phelps, a painter, whom she married in Oakland, February 8, 1920, are listed in a calendar drawn today. Her charges follow:

August 1, 1920—Swore at her and choked her in an Alameda restaurant.

August 15, 1921—Flew into a rage at their home and swore and smashed furniture.

July 10, 1921—Accused her of infidelity.

January 8, 1922—Accused her of infidelity.

August, 1922—On "spree" for three days.

Between Christmas and New Year, 1922—Quarrelled because she danced with another man and said: "When I get you home I will fix you."

February 8, 1923—Accused her of going out with another man.

April 1, 1923—Accused her of infidelity and would he would "promptly kill any man he saw walking with her."

They separated on February 12, last.

CAVEMAN DANCE  
IS ADVERTISINGSpeaker Declares Them to Be  
Most Primitive Form of  
Publicity.

The prehistoric dance descriptive of the caveman's prowess in battle or the chase, and the modern Marathon dance, were described by Oliver Kehlein yesterday as advertising in its pure, primitive form. Kehlein was principal speaker at the weekly luncheon meeting of the Oakland Advertising Club at the Hotel Oakland.

The trouble with that form of advertising, Kehlein declared, is that it's 50 per cent brain and 5 per cent muscle. During the war we reached the ultimate in advertising. Today advertising is propaganda pure and simple. The propaganda form of advertising could be used to wonderful advantage in bringing Oakland to the attention of the world.

# HARVEY HINTS AT AMERICAN AID IF BRITAIN ATTACKED

Debt Payments the Cheapest Insurance Country Could Have, He Says.

LONDON, April 25.—(By the Associated Press.)—Memories of American war time hospitality were revived last night at the fourth annual reunion of the British war missions to the United States, and Anglo-American relations came in for a critical analysis.

"All Americans should regard England; all Englishmen should be proud of America, not jealous of her," summed up Colonel George Harvey, the American ambassador, in his address to the gathering.

He covered the field of economic, industrial and historical relationship. He assured his distinguished audience that the bulk of the American people who live in the broad belt of country stretching from New England across the middle-west to the Pacific are English in their antecedents and present sympathies.

Earlier in the evening Stanley Baldwin, chancellor of the exchequer, had said that he was only recently admitted to the ranks of the British war mission reunionists, but in view of his debt funding junkie he was convinced he had paid the highest entrance fee.

**U. S. AID HINTED.**

"Your payments to America are the cheapest insurance any country could have," responded Ambassador Harvey. "I would like to see Germany or any other power attack England now."

"We have got the money in the bank over here," concluded the ambassador amid applause.

Colonel Harvey deplored what he termed the British tendency to refuse to cooperate economically with America, and cited incidents where American manufacturing projects were not welcomed in England merely because they were American. He then paid emphatic tribute to England for her wonderful recovery during the last few years.

It was a mistake to refer to "the English" and "the British" as hearers that "England is only a middle-aged country and never more solid, never more steady and confident than today; all that is necessary is to give a leg-up to the bulwark of the country—the middle classes."

**EFFORTS TO END WAR.**

In a roomful of American and other military men, Stanley Baldwin pleaded for Anglo-American efforts to end war.

"If these two peoples on either side of the Atlantic, bound together by a common language and ideas, cannot do it, I know not how it can be done. We are determined, so far as it is in us, that we will have no war in Europe and we call on all who speak our language to join hands with us to see that there shall be peace among the nations."

The report of the third year's activity of the organization, and on the contrary to interpret the United States to the rising generation of students and teachers, lectures in public schools by members of the British war mission, and the treatment of American students and visitors in England.

The Henry P. Davidson scholarship fund, whereby six English students will be enabled to attend Yale, Harvard and Princeton annually was announced.

**HOME MADE ICE CREAM FOR BOYS' BIRTHDAY**

"Listen, dear. The youngsters are in bed and I want to talk with you about the birthday party."

"My goodness, when those boys have a birthday again pretty soon, don't they?"

"Yes, the time does fly. They'll be 12 years old next Wednesday. And we must plan what we will do for them. They want a party so bad and both of them said they wouldn't expect any presents if they could have a bunch of the fellows in, as they express it."

"Well, why not? They can play some games and have a lot of fun. Let 'em go to it if they want it so bad."

"All right. Well, I have some home-made ice cream and I'll make a birthday cake—or maybe we'll need two. The boys themselves can figure up some games to play and they can invite six or seven of their best friends."

"That's the idea. But we ought to give them something for their birthday, hadn't we?"

"Yes, and I wanted to ask you what you think of my plan. The boys need suits badly and don't expect them for another month, as I told them we simply couldn't afford to buy two good suits right away."

"Get 'em for their birthday, oh?—is that the idea?"

"Yes, if we can buy them on credit. Otherwise we couldn't afford them now. But Chas. at 1212 12th street, are especially good at fitting out boys in stylish and serviceable clothes, and they gladly extend credit to patrons."

# BISBEE MINERS KILLED IN FALL OF HUGE ROCK

BISBEE, Ariz., April 25.—Three miners, employed by a local leasing company, were killed this morning when a huge boulder, estimated to weigh at least 50 tons, crashed down on them just as they were preparing to start to work in the South-west mine.

Two of the men, Victoriano Januri and Blas Flores, are believed to have died instantly. A third miner, Donaciano Cassillas, was pinned beneath a pile of rock, timbers and wrecked cars. He lived for an hour, and died while a rescue crew, hearing his groans and cries for help, shouted encouragement. Ramon Alonzo, with the other three when the rock fell, escaped with but slight bruises.

# ANNIVERSARY TO BE CELEBRATED

Members of the Park Congregational church of South Berkeley will celebrate the fortieth anniversary of the founding of the church Friday evening, April 27.

The festivities will commence with a dinner at 6 o'clock to be served by the Ladies Auxiliary, following which there will be a program at 8:30. George Johnson, chairman of the program committee, announces the main feature will be a chorus of old-time songs and soloists of Park church.

There will also be an address by L. S. Rogers, known by all who remember old Park church. A reception will follow the program.

It is also planned to have an anniversary service Sunday evening at 7 o'clock, at which time there will be special speakers and music. The plans for this service are in charge of Mathew Morton, president of the board of trustees.

# Plan to Connect Mines Considered

Need of a permanent passageway connecting the American and Kennedy mines to protect life in case of future disasters, was discussed at a meeting of the Industrial Accident Commission yesterday and the feasibility of such a tunnel will be investigated by P. # REMAINS OF OLD POSEY FOUND AND BURIED IN HILLS

Indians Take Authorities to Leader's Body; Location of Grave Secret.

SALT LAKE CITY, Utah, April 25.—The body of Old Posey, leader of the vanquished renegade tribe of Piute Indians which went on the war path in Southeastern Utah last month, was today in a rude rock covered grave somewhere in the mountains near Blanding, Utah, where he was slain last week in a skirmish with white settlers.

The aged chieftain—he was reported to be 100 years old—made his last stand with a handful of braves near Comb Wash, on March 28 last, and he died alone while white possemen routed his small band.

United States Marshal J. Ray Ward late yesterday brought the news of Old Posey's death to Blanding. Four Indians led him to the body. At the request of the tribesmen the body was buried without ceremony at a secret spot on a mountainside.

Old Posey, who in previous years was sought several times as the tribal leader of warring Indian factions, had been the object of a search by possemen for days after he now is reported to have been shot.

Marshal Ward went to Blanding several days ago to investigate reports that the Indians had information on the whereabouts of Old Posey, who faced arrest under a federal warrant charging insurance fraud. The marshal was given a ceremonial Indian welcome and was the center of a tribal powwow.

After the ceremony Manos Jim, 45-year-old chieftain, told the marshal that Old Posey had died in battle and that the captured Piutes knew where the body lay.

In late years Old Posey had tried to lead in many Indian wars as a member of Manos Jim's war band in the early settlement days. Posey distinguished himself, federal officers aver, through his bravery.

The aged chieftain's death is the second Indian fatality reported as a result of the uprising last month. Old Bishop's Boy, having been slain in one of the encounters with the settlers. Several other Indians were wounded.

The trouble was the outgrowth of the conviction in the county of the slaying of two Indians charged with sheep stealing. Old Posey resented the decision and called the renegades to arms.

# LOOKS NO ASSET FOR LADY COPS

CLEVELAND, April 27.—"Policewomen in Cleveland will not be picked for their looks."

This is the dictum of Mayor Fred Kohler, of Cleveland, maker of the first time in years.

A Civil Service examination has been called to select a number of women to be added to the police force, and the mayor tells the world that "dolling up" won't help any of the successful candidates in landing a job.

"Neither will we use the women members of the force as spies, as has been done in other cities," Mayor Kohler told International News Service. "Nor will they be used to pay anybody's political debts. I want the women's clubs and mothers' organizations to dig up the right kind of women to add to the force, and if they pass the examination then I'll appoint 'em, but beauty or fashion won't be any recommendation."

"Women can be made useful on the police force. There are plenty

# Lawsuit Shows How Paintings Gain in Value

PARIS (By mail to United Press).—How masterpieces are manufactured was revealed in the Paris courts when M. Stanislas Sassy, a painter, brought suit against a picture dealer to compel him to obliterate the name "Whistler" from a painting shown in his store on the Champs Elysees.

Sassy was strolling down the Champs Elysees one morning when, artistlike, he stopped in front of a picture dealer's window. He was struck by a still life picture signed Whistler. The more he looked at it the more familiar it seemed.

Close examination brought the conviction that it was one of his own pictures, painted in 1905, and sold by him for a hundred francs. The dealer offered to sell it to him for 200,000 francs.

## WATER BOOSTERS TELL OF URGENT EASTBAY NEEDS

Present Supply They Declare  
Will Be Exhausted Some  
Time in 1925.

Enthusiastic meetings in the Eastbay region today marked the progress of the campaign for the formation of a utility water district at the May 8 election.

Members of the speakers' bureau as well as candidates for director of the district and members of the general public joined hands to bring the message of the district to the voters.

At the Oakland headquarters many offers of volunteer service were received, and workers were kept busy tabulating a list of the speaking dates for the next two weeks.

Speaking before the Alta Mira club in San Leandro, Mrs. Frank G. Law declared that the water rate is higher in the Eastbay cities than in those where municipal ownership is in operation.

"A survey of American cities shows that municipally owned water is successful," she said. "No city having tried it has returned to private ownership of this important commodity. In these cities water rates average around fourteen and one-half cents per gallon. Here the rate is thirty-three cents a gallon."

Consumption of water is higher in those cities, as it should be. In Philadelphia they use 150 gallons per capita. In New York 128 gallons. In Los Angeles 134 gallons, and in the Eastbay section only 65 gallons per capita. Large consumption.

## Two Men Killed By Gelatin Explosion

JOPLIN, Mo., April 25. — Two men were killed today when a gelatin mix house exploded at the General Explosives Company plant, eight miles northwest of Joplin. The dead: Fred Spoonhour, 21, Joplin; William McVey, Joplin.

tion of water is good for a community. We have been forced to hold down because of the threatened shortage.

On May 8 there will be placed before the voters the proposition of forming a water district—the third attempt along this line in ten years. The primary purpose of the formation of the district is to unite the cities in a common effort to obtain an adequate water supply. If formed the district will contain a population of 370,000 with an assessed valuation of \$300,000,000.

"The water question is of vital interest to every man, woman and child, and it is even more important to women than to men. It is beyond argument that the bay district needs an increased and improved supply of water. The present supply will not last later than 1925. Private monopoly has long been questioned and now is the time for that question to be decided definitely."

Two water meetings were held in Berkeley—one at the home of D. L. Jurgens, 2220 College avenue, the other at the home of Miss Mary Ross, 2217 Dwight way. The speakers were Mayor Louis Bartlett of Berkeley, Alfred Latham and W. J. Locke, both of Alameda, Mrs. Marie Gerobin, candidate for the city council of Berkeley, also touched on the need for more water in a short talk.

BARTLETT SPEAKS. Bartlett emphasized the necessity of bringing in a larger water supply for purposes of fire protection if for no other reason and declared the water rate is bound to be lowered under municipal ownership.

"This has been the experience of other cities and it is bound to be ours," he said. "We have investigated the water situation in many cities throughout the country, and know that municipal ownership of this all-important utility is the most satisfactory solution of the water problem that has been found."

Locke pointed to the success of Alameda in operating its own electric light plant, saying this was brought out to show the value of the principle of public ownership.

Latham, who followed him, said it is not likely that this proposed utility district will concern itself with any utility except water; and that no other public utility can ever be operated on a two-thirds vote by the people.

Speakers emphasized the point that the May 8 election is merely for the formation of a water district, and that it is not a vote to bond the district.

## COMMANDERY OF OAKLAND WINS DRILL TROPHY

Local Knights Templar Team  
Wins Coveted Prize at the  
State Convention.

The Grand Commandery trophy for the best Templar drill team, won by Oakland Commandery No. 11, at the Stockton convention last week, arrived in Oakland today and was presented to the Commandery by W. A. Rogers, Eminent Commander, at the meeting last evening.

This trophy has been held for two years by San Francisco Commandery No. 41, and the odds were all in favor of the organization across the bay.

Oakland entered a full battalion of 2500 Templars in line. The score by which Oakland won was: Oakland, 551; San Francisco, 537; Golden Gate (of San Francisco), 525; Los Angeles, 527; Long Beach, 524; California (of San Francisco), 518; Alameda, 500; Golden West (of Los Angeles) 492; Pasadena, 456.

The officers and men who composed the Oakland drill team were: W. A. Rogers, Eminent Commander; B. R. Buzzard, secretary; Walter Hufschmidt, members of the team, St. Knights L. L. Thorson, C. County Official Is Killed By  
Livermore Driver; Blind  
Woman Hit by Car.

One man, a county official, is dead, and six persons are suffering from injuries, as a result of automobile accidents in Oakland during the past twenty-four hours.

Walter Helno, a cost expert attached to the office of the county purchasing department, died at the emergency hospital late yesterday from injuries he sustained when he was run down by an automobile driven by Alta R. Allen of Livermore, at Fifth street and Broadway.

Helno died shortly after his arrival at the hospital from a fractured skull. His wife witnessed the accident. The machine ran completely over him after striking him.

TWO GIRLS HIT.

Witnesses say that Allen lost control of his machine after the accident, and dragged Helno for a considerable distance.

Allen was arrested today on a manslaughter warrant sworn to by Louis Allen, father of the auto victim, living at 4622 Dolores street. Allen's bail was fixed at \$5000. He was taken into custody when he called voluntarily at the police station and surrendered himself.

A. E. M. Prentiss, in order to avoid colliding with another automobile, drove his machine on the sidewalk, and in doing so knocked down two girls. They were Miss Gertrude McCann, 1818 Park boulevard, and Miss Allice Powell, 1908 Park boulevard. Miss McCann was treated at the Emergency hospital for cuts and bruises and Miss Powell was treated by Dr. Dudley. The accident occurred at East Nineteenth street and Park boulevard.

Miss Viola Whipple, an inmate of the Blind Home, was struck by an automobile as she alighted from a north bound Grove street car at Thirty-sixth street. The automobile was driven by Mrs. Graham Carter, 523 Fifty-second street. She was treated at the Blind Home for a wrenched back.

DRIVER FAILS TO STOP.

Lambert Smith, 7 year old school boy, was knocked down by an automobile truck while playing in the street at Thirty-second and Perilla streets. The driver of the truck failed to stop and render aid to the injured boy. He was taken to the Emergency hospital by his brother, where he was treated for a fractured nose and cuts and bruises.

Manuel Saito, 289 A street, Hayward, while riding in an automobile fell off the seat to the ground. He was taken to the Emergency hospital where he was treated for a broken arm. The accident occurred at Eighty-ninth street.

## ONE DEAR AND SIX INJURED IN AUTO CRASHES

County Official Is Killed By  
Livermore Driver; Blind  
Woman Hit by Car.

One man, a county official, is dead, and six persons are suffering from injuries, as a result of automobile accidents in Oakland during the past twenty-four hours.

Walter Helno, a cost expert attached to the office of the county purchasing department, died at the emergency hospital late yesterday from injuries he sustained when he was run down by an automobile driven by Alta R. Allen of Livermore, at Fifth street and Broadway.

Helno died shortly after his arrival at the hospital from a fractured skull. His wife witnessed the accident. The machine ran completely over him after striking him.

TWO GIRLS HIT.

Witnesses say that Allen lost control of his machine after the accident, and dragged Helno for a considerable distance.

Allen was arrested today on a manslaughter warrant sworn to by Louis Allen, father of the auto victim, living at 4622 Dolores street. Allen's bail was fixed at \$5000. He was taken into custody when he called voluntarily at the police station and surrendered himself.

A. E. M. Prentiss, in order to avoid colliding with another automobile, drove his machine on the sidewalk, and in doing so knocked down two girls. They were Miss Gertrude McCann, 1818 Park boulevard, and Miss Allice Powell, 1908 Park boulevard. Miss McCann was treated at the Emergency hospital for cuts and bruises and Miss Powell was treated by Dr. Dudley. The accident occurred at East Nineteenth street and Park boulevard.

Miss Viola Whipple, an inmate of the Blind Home, was struck by an automobile as she alighted from a north bound Grove street car at Thirty-sixth street. The automobile was driven by Mrs. Graham Carter, 523 Fifty-second street. She was treated at the Blind Home for a wrenched back.

DRIVER FAILS TO STOP.

Lambert Smith, 7 year old school boy, was knocked down by an automobile truck while playing in the street at Thirty-second and Perilla streets. The driver of the truck failed to stop and render aid to the injured boy. He was taken to the Emergency hospital by his brother, where he was treated for a fractured nose and cuts and bruises.

Manuel Saito, 289 A street, Hayward, while riding in an automobile fell off the seat to the ground. He was taken to the Emergency hospital where he was treated for a broken arm. The accident occurred at Eighty-ninth street.

MOTHERS FAVOR  
SINGLE DIVORCE  
LAW FOR NATION

LOUISVILLE, Ky., April 25.—Resolutions urging uniform divorce laws throughout the United States, to be obtained by constitutional amendment, and also urging enforcement of the existing prohibition laws "if it takes the entire United States may to patrol American waters and the United States army to patrol the borders of our country," were submitted to the National Congress of Mothers and Home Teachers associations here today.

Another resolution submitted asks that immigration laws be lowered to "open the gates to the families of immigrants whose fathers or grandfathers now are in this country."
